### Ordering from Enesco

#### **Enesco's policies regarding online marketplace selling have been revised as of January 1, 2026:**

- Please see full policy document: Authorized Retailer Policy for Enesco, LLC
- Retailers are **not** authorized to list/sell **Precious Moments** on any third-party marketplace such as Amazon, eBay, or any other third-party ecommerce website.
- Retailers are **not** authorized to list/sell any Enesco brands on "Big Box" retailer supported marketplaces such as Walmart.com, Target.com, Michaels.com, etc.
- Brands distributed by Enesco are not authorized to sell on any third-party marketplaces such as Amazon, eBay, or any other third-party ecommerce website. Distributed brands include Newell, DCUK, NECA, and Sanrio Originals.

The opening order minimum for Enesco Gift and Department 56 is \$250 for *new* customers and \$150 for reorders. Opening orders of \$250 can be comprised of any selection of products across Enesco Gift and Department 56. Orders for in-stock items generally ship within three working days. If the desired item is not in stock at the time of order placement, shipment should take place within two weeks of the Estimated Stock Availability (ESA) date shown on your order. (The cancel date is the last date Enesco will ship an order without first obtaining an extension from the customer).

Order revisions should be made at least 4 weeks prior to the requested ship date or the Estimated Stock Availability (ESA) date to ensure the changes can be made prior to warehouse processing. Although this may seem like a lengthy lead time, orders are often processed and staged by the warehouse early to help level seasonal peak volume. Enesco will, however, make every effort to revise orders – up to and including the requested ship date – if possible.

### **Tariff Surcharge**

Due to recent changes with tariffs, a reduced tariff surcharge of **7%** will be applied to applicable orders and will appear as a separate line item on invoices. Yankee Candle and Woodwick brands remain exempt from tariff surcharge.

### **Shipping Terms – Continental U.S.**

Across Enesco Gift and Department 56, our shipping rate is 14% of the gross amount for each order for UPS Commercial Ground shipments. If the weight of your order is 400 lbs. or greater, the LTL (less than truckload) shipment rate is 8% of the gross order amount, plus a \$50 service fee if the use of a tailgate is required. Additional charges may apply for inside deliveries, oversized packages and other special situations.

Deliveries to residential addresses via UPS Residential Ground will be charged 19% of the gross price.

### **Shipping Terms – Alaska and Hawaii**

Freight rates are 22% of gross sales for packages shipped via UPS Commercial Ground. Parcel shipments up to 250 lbs., anything over 250 lbs. customer will need to provide a freight forwarder within the 48 contiguous states.

### **Applicable to all Customers**

As always, customers may arrange their own transportation – terms of sale FOB Lebanon, IN or Olive Branch, MS - and no freight charges will apply. Please be prepared to provide Enesco with the applicable carrier and billing account information to ensure freight charges are calculated and assessed correctly.

Parcel Shipments: Packing list(s) for all orders in a shipment will be **inside** the last carton of the shipment with a red label stating, "Packing List Enclosed."

LTL Shipments: Packing list will be in a yellow envelope with a "Packing List Enclosed" red label on the yellow envelope. The yellow envelope will be attached to a carton on the upper left-hand corner of the last pallet, inside the shrink wrap.

### **Reminder:**

Retailers can print their own packing lists through the B2B site: [www.enescobusiness.com](http://www.enescobusiness.com). Please scroll down to the bottom of the screen to *Manage your E-Bill*. This will provide you the access to print your packing lists.

### Returning Merchandise to Enesco

**Damaged/Defective Items:** Many of Enesco's products are hand-painted – each unit inevitably reflecting inherent uniqueness. Customers can expect that no two items will look exactly the same. Significant effort is expended on packaging design intended to protect product during handling. Additionally, warehouse personnel receive on-going carton-packing training to minimize the risk of damage during shipment.

In the rare event damaged, defective or incorrect items are received, Enesco will extend full credit. Enesco asks that you report any damage within 30 days of receipt.

Enesco does require pre-authorization of returns. To ensure proper credit, please be sure to include the Return Merchandise Authorization (RMA) number provided by Customer Service in the same carton with the returned item/s. **Returns must be received within 30 calendar days, or the return authorization will be canceled.**

Returns for reasons other than defect or damage, including refusals and/or cancellations while in transit, will be assessed a 25% restocking fee.

4. To cancel, contact customer service via email at customerservice@enesco.com or call 800-436-3726

For customers that qualify, holiday terms for all Halloween, Harvest and Christmas merchandise shipped on or after May 1 are net November 15, 2026.
